

Environment and Pollution

- Do you think cars should be banned from city centers?
- Do you think people should recycle newspapers? Why or why not?
- Do you think there are lessons to learn from nature?
- How has the world changed since you were a child? (technology, values, environment, health)
- How often is garbage collected in your neighborhood?
- If humans are really intelligent and not simply manipulated by their genes like any other animal, why can't they do anything about overpopulation?
- What are some things that can be recycled?
- What are some things that your community is doing to help the environment?
- What are some things which you recycle?
- What are some types of pollution?
- What are some ways that you can reduce pollution in this country?
- What can you do to help prevent pollution?
- What can you do to make this world a better place?
- What do you think of people who smoke cigarettes indoors?
- Which is more important, increasing people's standard of living, or protecting the environment?
 - Think of a situation in your area involving this issue.
 - Which side would you choose?
- Who do you think is more responsible for pollution, individual people or the government? Explain.
- What is the most important issue facing the environment today?
- Do you know about any anti-pollution programs in your community?
 - What about programs in your native country?
- Do you usually drink bottled water? Why or Why not?
- If you could choose one alternative energy source to develop which one would you choose? Why?
- Are companies more or less environmentally responsible now than they were in the past? Why do you think that is?
- Do you think recycling is an important community service? Do you recycle?
- Who should pay for the costs associated with renewable energy?
- Should we make the development of renewable energy sources an economic priority?
- What are some ways energy is wasted?
- What types of energy are popular in your native country?
- What is the main problem with renewable energy sources?
- What can large cities do to improve their air quality?
- How can we protect the environment and at the same time improve people's standard of living?
- Do you think overpopulation is an important environmental issue? Why or why not?
- Should gas for motorists be more expensive? What would be the advantages and disadvantages of this?
- What is global warming? Are worried about global warming?
- Do think global warming is real? Do you think this is an effect of pollution?
- If you live on an island or on the coast does this increase the danger from global warming? Why?
- What's happening to forests in the world? What happens when we remove forests?
- What can we do to protect forests?
- Why should we recycle?
- Does your local government make it easy or hard for citizens to recycle?
- Are there people in your country who make their living from picking-up other people's garbage?
- How is pollution effecting the environment of the United States today?
 - How about your own country?
- Does your country have a smoking ban law in place?
- What are the benefits/ disadvantages of a smoking ban?
- How do individual decisions about number of children affect overall population numbers?
- Do you think nuclear power safe? Who should be allowed it and why? Who should police it?
- In what ways can we save more water? Please tell your experiences.
- What should we do to increase the awareness about environmental pollution?
- Do you have any ideas on how to minimize the use of plastic bags and Styrofoam boxes?
- Does your local government make it easy or hard for citizens to recycle?
